EXPERIENCE

The Chronicle Herald, Halifax, Nova Scotia
— *Web Developer Intern*

MAY 2018 - PRESENT

Currently tasked with the redesign, coding, and eventual deployment of a website. Learning and utilizing technologies such as Django, SASS, and Docker in a Scrum based development cycle.

Global Pet Foods, Halifax, Nova Scotia
— *Sales Associate*

OCTOBER 2011 - MAY 2018

Personalized every customer's experience by communicating with them and assessing their needs. Worked as part of a small team in a fast paced and dynamic environment.

EDUCATION

Nova Scotia Community College, Halifax, Nova Scotia
 — *Diploma in Information Technology*

SEPTEMBER 2016 - JUNE 2018

Recently completed final my final year of the Programming concentration. Developed a keen interest in web-based applications, functional UI UX design, and applying new technologies.

Mount Allison University, Sackville, New Brunswick
— *Bachelor of Science*

SEPTEMBER 2007 - MAY 2011

Obtained a Major in Biology and a Minor in Philosophy. The degree allowed me to foster my communication, writing, logic, and research skills.
